UNIVERSITY  
OF APPLIED  
SCIENCES**  
(Bjelovar, Croatia)

**Dear Colleagues,**

The University of Technology is happy to invite you to participate in the VI International science and practical internet conference "**Innovative Technologies in Modern Education**", which will be held in Korolyov, Moscow Region, Russia, on December, 12, 2018.

**Aims and objectives:** search and distribution of the innovative educational technology best practices, used in process of training.

We invite the academic staff members of the Russian and foreign higher and intermediate vocational educational establishments and the management and teaching staff of the general education institutions.

**Key topics of the conference:**

- New educational technology and their implementation experience in educational establishments;
- Active teaching methods implementation and their efficiency assessment;
- Distance learning technology in modern education;
- Approaches to educational process quality assessment by means of modern technology;
- Innovative technology and their role in forming the assessment means resources;
- Innovative means of the competence development assessment;
- Modern digital educational resources and teaching methods involving these resources.

**Working language of the conference: Russian, English.**

**The conference provides for live, remote and extramural participation.**

Live participation involves delivering a report on the topic and further discussions in the UNITECH.

Extramural participation involves inclusion of the provided research articles in the conference collection of scientific articles. The conference collection is comprised of three sections: higher education, secondary vocational education and general secondary education.

The remote participation is possible if a participant organization has the following equipment and software:

OS: Windows 10, 8.1, 8, 7 (32-bit, 64-bit supported)

CPU: Intel i3 or better;

RAM: 2Gb or more;

Data transmission rate – 10 MB or faster;

Webcam 720p (HD) or better.

Without the recommended equipment and software the quality of communication may not be guaranteed.

**Any form of participation suggests a filled application form I.**

**I. Application form and filling requirements**

**Participant's application form  
«Innovative technologies in modern education»**

First/last name (participant)	
Position	
Title	
Form of participation (live, extramural, remote)	
Section (higher, secondary vocational, secondary general education)	
Article name	
Number of pages	
Establishment (full name of the establishment, no abbreviations)	
Phone	
E-mail	
Mail address (including index) The printed conference collection of scientific articles may be ordered by mail (pay on delivery). The collection cost – 1,000 rubles, postage expenses not included (paid by author)	

**Each author applies individually. The application shall be done in a separate file!**

**II. The required documents and article content requirements**

In order to publish the article in the conference collection of scientific articles, one must send the following materials to the organizing committee:

- Application for the article publication;
- Article text.

The provided materials should be original (the originality is checked by the Antiplagiat © system), clearly and logically presented, relevant and scientifically significant. The borrowed materials should have corresponding references in the text, and should be stated in the bibliographic list.

In case the materials do not meet the requirements, they will not be included in the conference collection of scientific articles. The organizing committee reserves the right not to respond to the materials authors correspondence.

**II. Article composition requirements**

1. Accepted for publication articles should contain not less than 3 typewritten pages.

2. Submission Guidelines: size of type 12, font "Times New Roman", line spacing - single, justification in width, break line 1.25 cm, sheet orientation - portrait, margins : left - 30 mm, top and bottom - 25 mm, right - 15 mm.

Articles title in capital letters, bold, font Times New Roman, size 12, centered.

Line below, after an interval - author's name(s) and initials, semi-bold, font Times New Roman 12.

Next line: the full name of the organization (no abbreviations), city.

Abstract (50-70 words), 3-5 key words.

Line below, after an interval – main text

Drawings and graphics should be of sharp appearance and in white and black scale. Heads and cells of the tables are not toned and not printed in bold type. Manual hyphenation is not used. Highlighting is allowed only in Italic semi-bold letters. Spacing and underlining are excluded.

3. References are mandatory elements of the text. They should be executed in the text in square brackets linked to the correct source. The use of automatic on -page references is not allowed. References should be presented strict in an alphabetical order.

Example:

References

- III. Baigulov R.M. Development of the scientific and technological potential of the region // Economics of agricultural and processing plants. 2007. №3. Pp. 13-15.
- IV. Chaldaeava L.A. Enterprise Economics. M.: Yurait, 2013. 416 Pp.
- V. Geography: digital version of newspaper. 2001. № 15 (special issue) URL: <http://geo.1september.ru/article.php?ID=200101502> (date of access: 13.02.2006)

3. Pictures and diagrams should be clear, distinct and plain (black and white or shades of grey). The heads and cells of the table should be plain. Manual hyphenation shouldn't be used. The accentuation should be in Italic semi- bold, the spacing and underlining are not permitted.

**Booklist** is mandatory. The references to the relevant material in text should be done in square brackets. Automated page-by-page referencing is not permitted. The booklist should be listed alphabetically.

Example:

#### THE NAME OF THE ARTICLE

**Surname, name, second name**

The name of organization, city, country

Then without the word «Annotation» summary of the article is represented.

**Keywords:** list of 3-5 keywords.

#### IV. Conditions of participation

*Participation in the conference is free of charge. Digital version of the conference collection of scientific articles , which will have the ISBN and UDC codes, will be provided for free. Published version cost is 1 000 rubles. All the travel, accommodation, visa, insurance costs + postage should be covered by the participant. All articles will be checked for eligibility. The organizing committee reserves the right to decline the materials, which are not in compliance with the above mentioned requirements or the theme of the conference. The conference contributions collection is published in the authors' edition. The organizing committee is not responsible for the article composition and contents.*

The conference collection of articles has an international ISBN index, UDC and LBC codes. Indexed in RSCI in full availability and included in elibrary.ru base. Conference proceedings are sent to the general libraries of Russia and foreign countries.
